Your **IHC Kidderminster Town Council Candidate**

for Franche & Habberley North

Dear Voter. Please allow me to introduce myself, my name is Keith Robertson and I'm your **Independent Health Concern** candidate for the Kidderminster Town Council. I never intended to be a politician. I became involved when our hospital was being downgraded. One thing led to another and before I know it, I was elected as a Health Concern District Councillor and became a Cabinet Member.

I quickly learned that although the fate of our hospital was important, you can't be a single-issue politician if you are to seriously represent the people who elected you. Even now, when we are in the middle of this terrible pandemic, many people also have other worries and concerns, some for which they will need the help or advice of a Councillor to solve.

It was over 40 years ago when my wife and I decided to move to Kidderminster, just before our eldest daughter started school and our other daughter was 6 months old. They both grew up and were educated and still live with their own family's right here in Kidderminster and so you see, I know first-hand the problems that face young working families with children. I have also had plenty of experience in dealing with the problems we can face caring for our senior citizens. Like you, I want the best for my loved ones and I'm sure you do too. If you do then vote for a voice that will speak for you, not do what political masters in London say! **Independent Health Concern** is the **ONLY TRULY INDEPENDENT PARTY** on the Council. This means that we are not dictated to by bigwigs in a remote headquarters who will make us 'toe the party line'.

**WE REPRESENT YOU AND YOUR VIEWS. To us . . . . YOU MATTER !**

So please, **VOTE FOR INDEPENDENT HEALTH CONCERN !**

I am hoping that I can persuade you to vote for me in the May elections, then, as a local man, I can present **YOUR VIEWS** and **YOUR OPINIONS** to **YOUR COUNCIL** as a voice that speaks for YOU!

I **WILL** speak for you!

Thank you for taking your time to read this. Sincerely, *Keith Robertson*
